LABOR ASSAILS CONGRESS FOR UNEMPLOYMENT

A. F. of L. Charges Conspiracy Is Responsible for 6,000,000 Idle—Demands Relief.

By MILDRED MORRIS.
International News Service.
In a sensational report made public today the legislative committee of the American Federation of Labor charges a conspiracy by Congress to "cause unemployment," and declares it responsible for the jobless condition of 6,000,000 workers.
"Hunger parades" are predicted by the report, which declares they will come as a result of "these non-construction and reactionary policies of Congress."
"Reaction has been in the saddle,"

says the report, "and any member of Congress who raises his voice in the interests of the people is ridiculed, denounced or misrepresented."

Destitution To Be Rule.

"Although destitution will be the rule as the result of unemployment, and not the exception, Congress will continue to fiddle," the report said. "This does not tell the whole story. There are other millions who work only two or three days a week. No greater indictment of the failure of Congress to enact constructive legislation could be found."

"Bills for the reclamation of waste lands and for housing have been introduced in both houses of Congress, but nothing has been done about them."

"Any bill that has for its purpose public works that will give employment to the idle is disregarded."

"Warning! Given Congress. The report adds the warning that 'Congress must get down to business and legislate for the great masses of

the people instead of for a privileged few."

A filing is also taken at Gen. Charles Dawes, director of the Bureau of the Budget.

"While Congress is passing away its time to 'reduce expenses' by limiting employment," says the report, "it is ably assisted by the director of the Bureau of the Budget, who is having discharged from Federal employment a sufficient number of employees to save money. At the same time Congress is preparing to advance \$500,000,000 for purchasing railroad securities."

CHICAGO JUDGE JAILS MORBID COURT FANS

CHICAGO, Aug. 30.—"Scandal fans" are barred from the morals courtroom of Judge Justice Schulman. The judge sentenced thirty-two "fans" to two hours confinement because they refused to leave the room after he had warned them the cases on trial were "None of their business." He declared he would give twenty days each for "A second offense."

"This is no place to spend your vacation at the expense of the poor unfortunate brought in here," he told the "fans."

PEGGY DESERTS FRAIL LOVER FOR HER OLD HENRI

Capital's Little Wild Rose Flees To Barritz and Richest Man in France.

PARIS, Aug. 30.—Wild little Peggy Hopkins Joyce, former "Follies" girl and Washington beauty, has set sail for Paris a-buzzing with scandal and rumors of scandal.

Only yesterday the papers printed the story that Peggy had a new gentleman friend—a pale, frail, stoop-shouldered young Cuban or South American, who lavished his untold

riches on the vivacious show girl, accompanied her every night to the cafes and dance halls of the wild Montmartre district, drank cocktails with her, and had his big limousine carry her about town.

And today—it's another story. Before the Paris gossips would let this new love take root and blossom, there comes the shocking report that Peggy has deserted her rich young cafe companion and eloped with Henri Letellier, famous publisher and the richest man in France, who was named as one of the numerous international co-respondents in the suit of J. Stanley Joyce, Peggy's millionaire Chicago husband, for annulment of their marriage.

Letellier is reported to be in Biarritz and Peggy is said to have confided to her dearest friends several days ago that she too was going there. It was at Biarritz that Peggy met Letellier two years ago, and the place is a bower of sweet memories.

666 is a prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know.

SHIPPING BOARD WILL PAY PART OF SHIP CO. DEBTS

NEW YORK, Aug. 30.—Certain of the claims against the United States Mail Steamship Company, which recently went into receivership, will be paid by the shipping board, it was announced yesterday by William M. Bullitt, the board's counsel, after a conference between creditors and the committee which will operate the ships of the line.

First among these claims will be the pay of crews, Mr. Bullitt said.
